# Introduction

Our Catering Consumables and Equipment framework offers trusts a range of alternative products to those affected by the Department for Environment, Food and Rural Affairs (DEFRA) single-use plastics ban in October 2023.

This brochure will help you identify alternatives for the banned items. All items in this brochure are single-use.

NHS Supply Chain have new products on the market to support a transition away from the catering consumables as defined in the DEFRA plastics ban.

The following material types are used for Catering Consumables listed in this brochure. All products are available to order through NHS Supply Chain.

**Please Note:** Check with the waste contractor to confirm local waste arrangements and correct waste stream based on material type.

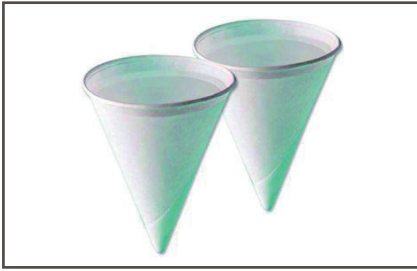

Disposal routes will be based on existing arrangements in place and correct segregation.

## Ready to make the switch?

Please contact your local Customer Relationship Manager to find out how we can support you to be ready for DEFRA plastics ban in October 2023 - <https://www.supplychain.nhs.uk/crms>.

To ensure continuity of supply, trusts wishing to switch must submit a **demand capture form** with four weeks' notice via their NHS Supply Chain Customer Relationship Manager.

For additional information on alternative products please email our Catering Consumables Specialists at [facilitiesandofficesolutionssupport@supplychain.nhs.uk](mailto:facilitiesandofficesolutionssupport@supplychain.nhs.uk).

Please take a look at the resources available at <https://www.supplychain.nhs.uk/sustainability> to understand more about our sustainability strategy and how we can support trusts and ICSs in their work.
